"A Brief History of Time, published in 1988, was a  
landmark volume in science writing and in world-wide  
acclaim and popularity, with more than 9 million copies in  
print globally. The original edition was on the cutting edge  
of what was then known about the origins and nature of  
the universe. But the ensuing years have seen  
extraordinary advances in the technology of observing  
both the micro
